Department of Computer Applications

The Department of Computer Applications of the Post Graduate Govt. College Sector-46, has organized a talk on career counseling on 6th February 2023 for the students of dept. of computer Applications to make them aware about various opportunities and trends in the field of computer science and IT Sector. It is held under the guidance of Principal Dr. Abha Sudarshan and Head of department BCA Dr Uma Narang. The speaker of the day Ms. Aparna, from InfoMaths, an institute for MCA Entrances, shared her experience and explained about the importance of having knowledge of different languages used in today's world and also discuss about various competitive exams & its pattern. Career counselling presents a framework of support to approach decision making to help students in finding out a sense of purpose and direction.

55 students from the department have enthusiastically attended the talk, organized in view of career option after graduation.

It was indeed an enriching experience for the students that includes advising for choices at different stages and at multiple levels, largely under the domain of what and where to study and how to make it happen.

Press Note

21 Feb. 23

A one day workshop on Awareness campaign on AVGC by Maya Academy of Advanced Cinematic (MAAC) was organized by Department of Computer Applications, Post Graduate Government College , Sector 46B Chandigarh on 21st Feb 2023. The Principal of the college Dr. Abha Sudarshan addressed the students, and welcomed the guests Mr. Anurag Kandari and Mr. Deepak Mehra. They emphasised on the role of Artificial intelligence and the importance of Animation in the modern day world. They also accentuated the role of Information Technology in the proliferation of areas like Gaming, Advertisements , Education , Research Sector, Engineering Sector, Animated movies, fashion designing, Architecture and Interior Designing.

The role of Visual Effects had a tremendous effect in making of the movies like Titanic, Bahubali, Avatar and Chaar Sahibzade and these movies could not have been made without animation.

Even the Prime minister of India Mr. Narendra Modi , had stressed on the importance of the Information Technology in the areas of visual effects and animation. Animation also has a major role to play in the areas like 3D animation, entertainment, marketing and creative art. They also guided the students to design and develop the computer games so that they could be engaged in IT Sector.

The Workshop concluded with a question answer round and a quiz was also conducted in which students actively participated and benefited a lot from the programme.
